IALCS has reserved at least 50% of its seats for students in District 6 entering the 5th grade for “at-risk” of academic failure. These are students who meet the following criteria at the time of IALCS’s application deadline: (1) the student has been designated as an English Language Learner (ELL). Two lotteries will be held if necessary. The first lottery will include the students who meet the criteria of at risk of failure as stated above. If there are less than 50 students in this pool, all will be accepted. If there are more than 50 students who are at risk according to this measure, a preliminary lottery will be held. The students who are at risk according to the above measure but do not receive a seat in the first 50% of seats, will be reentered into the second lottery and will have another chance to receive a seat.

The ELL status of all incoming students who apply for the reserved seats must be verified in order to prove their ELL designation. Please sign below if you give IALCS permission to verify this information. *Please note that you are not obligated to give permission for this information, but the ELL status of all incoming students who apply for the reserved seats must be verified in order to prove their ELL designation.*
